

# Cost-Effective BioMed and Imaging Staffing Solutions to Ensure Patient Care

*Reliable. Scalable. Cost-Effective.*

Struggling with technician shortages and increasing demands on medical equipment? **JumpTeams** by InterMed provides an immediate, flexible solution to keep your hospital's critical equipment running smoothly while minimizing downtime and costs.

## Why Choose JumpTeams?

### > On-Demand Expertise:

Gain access to highly trained, manufacturer-agnostic technicians ready to support your facility when and where you need them.

### > Reduce Downtime & Costs:

Decrease equipment downtime by 20-40%, extend equipment lifespan by up to five years, and eliminate recruitment and training expenses.

### > Seamless Integration:

Our teams work as an extension of your in-house staff, ensuring smooth operations without adding administrative burdens.

### > Compliance & Quality Assurance:

Stay ahead of regulatory requirements with expert maintenance, improving patient care and hospital efficiency.

## Who We Support

**Hospitals & Health Systems** needing immediate and scalable technician support.

**Clinical Engineering & Imaging Departments** looking to enhance service reliability.

**CFOs & Operational Leaders** aiming to reduce maintenance costs and optimize ROI.

*InterMed takes care of your equipment, so you can take care of your patients.*

## Partner With Us Today!

**Ensure uninterrupted patient care with a flexible, cost-effective staffing solution.** Discover why leading hospitals trust InterMed's JumpTeams™ to keep their equipment—and their operations—running without disruption.
